ALLIED GATE company
SECURITY. STYLE. SERVICE.

Allied Gate Company manufactures custom ornamental wrought iron gates, fencing, and security doors.

COMPETITIVE PRICING

Allied Gate Company's highly efficient, state-of-the-art shop allows us to manufacture higher-quality gates, security doors, and fences while still remaining cost competitive.

HIGH QUALITY

Manufacturing the highest quality wrought iron products is Allied Gate Company's top priority. Even when manufacturing in high volume, we treat each product as if it were our only one, making sure that you get the high quality product that you – and your customers – demand.

INDUSTRY-LEADING SERVICE

At Allied Gate Company, we offer industry-leading customer service to you so that you can, in turn, focus on your own customers. Whether one of your customers needs repair work done on one of our pool fences, or you need a last-minute spec change before production, we're ready and willing to help.

OUR MANUFACTURING PROCESS

At Allied Gate Company, we powder coat all of our wrought iron products. Compared to traditional spray-on coating, powder coating:

- 1) Is environmentally-friendly
- 2) Means that our gates are more scratch-resistant
- 3) Means that our gates look newer for longer

OUR STATE-OF-THE-ART-SHOP

At Allied Gate Company, we manufacture our gates, fences, and security doors in a brand new, state-of-the-art shop. Our process is streamlined; our equipment is top-of-the line.

Call us today at 480-892-4176 to see for yourself what makes Allied Gate Company different with a tour of our state-of-the-art shop!

OUR LOCATION

Allied Gate Company is centrally located in Mesa, Arizona to serve professional contractors throughout the state. You don't have to wonder who we are and where or how we operate; you can come visit us at
