### Introducing...

**Illustre Essenza™, Luminoso Studios™** exciting new collection of skincare products designed to promote the appearance of youthful, healthy, radiant looking skin.

### What makes Illustre Essenza™ the clear choice for great skin?

- We use the highest percentage of natural ingredients to deliver you the healthiest, most effective skin care products.
- Our products are always Chirally Correct® – designed to work with your body's natural functions, not against them.
- All of our products are paraben-free. Instead of using the inexpensive common preservative, we look to natural preservatives like Citrus Sinensis var. Sanguina Oil (Sweet Orange) and Camellia Sinensis (Green Tea Extract) or Citrus Noblis (Mandarin Orange) Peel Oil.
- We manufacture our products in small batches – even though it costs us more – to ensure that the product you receive is as fresh as it can be.
- Our products are manufactured exclusively in the U.S. using the highest scientific standards at FDA-approved facilities.
- We never, ever test our products on animals.

Illustre Essenza™ products are meticulously designed to work in conjunction with your medically supervised skin care program and are sold exclusively through medical professionals and at Avanti Skin Centers. To find one near you, call us at 800-408-1168 or visit our website at [www.luminosostudios.com](http://www.luminosostudios.com).
