

Postcard #1

You love your home.

For the neighborhood school your kids are growing up in,
the tree you're watching grow from a sapling,
the sidewalk where your kids carved their names,
your best friend next door,
the coffee shop just down the street,
the 4th of July block parties,
the sense of community, roots, belonging. . .
. . . the sense of home.

You say that your needs have changed? That you need another bedroom or bathroom; that the kitchen is too small; that you'd really love to have a sunroom or finished basement?

You could move. You could leave the neighborhood school, the tree, the sidewalk. You could leave your best friend, the coffee shop, and the block parties. You could leave the sense of community, roots, and belonging. You could leave your home.

Or you could renovate.

For 25 years, New Creations Renovations has been helping families like yours renovate their homes. We specialize in the renovation of kitchens, bathrooms, basements, decks, and sunrooms, as well as full room additions.

Postcard #2

You love your home.

For all of the memories you're making there,
the laughter you hear echoing through the halls,
the joyful footsteps coming through the door.

But you'd also love a bigger kitchen, with stainless steel appliances and granite counter tops,
another bathroom so your teenagers don't scream about sharing one,
a sunroom just for you – a quiet sanctuary for relaxing after a hectic day,
an enlarged living room to accommodate your new grandkids at holiday time,
a finished basement for entertaining.

With New Creations Renovations, you can have the home you love *and* the luxuries you crave.

Through renovation, many families like yours are making the improvements they have always dreamed of – a new kitchen, an additional bedroom or bathroom, a new deck or sunroom – without the heartache of leaving the homes they love. You can, too.

For 25 years, New Creations Renovations has been providing families like yours sophisticated, on-time, professional craftsmanship.
