

## **Naturally Vitamins Catalog Descriptions**

### **Fibrozym**

For tissue health

For those looking to improve their overall tissue health, Fibrozym:

- Supports increased circulation
- Reduces inflammation
- Promotes fibromyalgia relief
- Breaks down the clotting protein fibrin

Unlike many of its competitors, Fibrozym is enterically coated. That means Fibrozym is absorbed more quickly into the bloodstream through the small intestine – so it's more effective. And because it's not absorbed through the stomach, there's less risk of stomach irritation.

Fibrozym is made from all-natural, plant-based enzymes and a hypo-allergenic, high-purity strain of serrapeptase, with anti-inflammatory and pain-relieving properties.

### **Formula 50**

For healthy hair and nails

Formula 50 is a protein formula designed to repair brittle, thinning hair and nails. It:

- Promotes stronger, fuller, shinier hair
- Supports stronger, longer nails
- Nourishes and replenishes vital nutrients

Formula 50 has been successfully restoring healthy hair and nails for 50 years. With protein, vitamin B-6, and a unique blend of natural amino acids, Formula 50 provides the nutrients – often lacking in our diets – that are essential for hair and nails that look and feel well-nourished.

Formula 50 is featured in the Physicians' Desk Reference. It is available in 100- and 250-count bottles.

### **Hep-Forte**

For liver health

Especially formulated for those experiencing liver dysfunction, Hep-Forte:

- Restores and maintains normal liver function
- Corrects hormonal imbalances created by liver dysfunction
- Offers nutritional support for overall liver health

A popular seller worldwide, Hep-Forte is formulated with amino acids, protein, B-vitamins, antioxidants, and other elements that are essential to the maintenance and support of normal liver functions.

Hep-Forte is featured in the Physicians' Desk Reference. It is available in 100-, 200-, and 500-count bottles.

### **Inuflo®**

For intestinal health

Inuflo® is an all-natural dietary supplement designed to promote intestinal health. It:

- Strengthens the immune system
- Enhances digestive health
- Promotes a healthy balance of bacteria in the intestines
- Helps ease diarrhea and other side effects of antibiotic use

Inuflo® is an all-natural prebiotic – an energy source for the body's good bacteria – essential to maintaining stable levels of good bacteria and keeping the body in a healthy balance. That means quicker recovery from illnesses like the cold and flu, improved mineral absorption, and healthier intestinal systems.

We derive Inuflo® from Inulin, which is found in the root of the Jerusalem artichoke plant. Our unique, organic manufacturing process creates a combination of short-chain, medium-chain, and long-chain Inulin molecules that give Inuflo® its unique health benefits.

Inuflo® is available in 500-gram bulk as well as 30 convenient 5-gram packets.

### **Nattokinase 1500**

For optimal circulation

Designed to support a healthy heart, Nattokinase 1500:

- Improves blood flow
- Helps clean plaque from the arteries
- Promotes the break-down of blood clots

Nattokinase 1500 has the highest dose of the enzyme nattokinase, which has been used for centuries in Japan to improve blood flow. It's extracted from natto cheese, a dietary staple in Japan that's thought to be the reason behind the country's record-low rate of heart disease.

Unlike many of its competitors, Nattokinase 1500 is enterically coated. That means Nattokinase 1500 is absorbed more quickly into the bloodstream through the small intestine – so it's more effective. And because it's not absorbed through the stomach, there's less risk of stomach irritation.

Nattokinase 1500 is available in 120-count bottles.

## **Rutozym**

For overall heart health

Heart disease is the leading cause of death in the U.S. – killing an American every 34 seconds. Combined with a healthy diet and exercise, Rutozym once a day can help combat that statistic – without the gastrointestinal side-effects that often accompany a one-a-day Aspirin regimen.

Designed to naturally support heart health overall, Rutozym:

- Improves blood flow
- Promotes stronger blood vessel walls
- Normalizes the body's inflammatory responses
- Promotes increased circulation
- Supports the break-down of blood clots
- Helps clean plaque from the arteries

Rutozym tablets are available in 120- and 240-count bottles.

## **Stimulin™**

For enhanced stamina and energy

Designed for those looking for a boost in energy and stamina, Stimulin™:

- Enhances stamina
- Revitalizes energy
- Stimulates blood flow
- Improves circulation
- Naturally supports a healthy libido

Stimulin™ is formulated with the patented nutrient citrulline. Once citrulline absorbed into the bloodstream, it increases the body's production of nitric oxide – which in turn stimulates blood flow to enhance stamina and revitalize energy.

Stimulin™ is available in 60- and 120-count bottles.

## **Super Vita Boost®**

A multivitamin for optimal health

Rated America's Best Multiple by *The Doctor's Prescription for Healthy Living*, Super Vita Boost®:

- Promotes overall health
- Strengthens the immune system
- Supports weight loss

Super Vita Boost® is formulated with more than 40 nutrients, patented Beta Gulcan, Inuflora®, and anti-bacterial herbs to nourish the body. It is available in three formulas:

**Super Vita Boost® Original:** The original, award-winning formula. Available in 90- or 180-count bottles.

**Super Vita Boost® Little Super:** The same formula as the original, in half-sized tablets. Available in 90- or 180-count bottles.

**Super Vita Boost® Cellular Energy:** This formula offers the added benefit of increased energy, with acetyl L-carnitine – an amino acid that stimulates energy production at the cellular level. Available in 90- or 180-count bottles.

### **Wobenzym®N Crème**

For pain relief and immune support

Designed to help people suffering from minor Arthritis pain, back pain, pain from sports injuries, and other types of muscle pain, Wobenzym®N Crème:

- Provides fast, penetrating pain relief
- Reduces inflammation
- Speeds recovery from sports and other injuries
- Promotes healthy circulation

Wobenzym®N Crème's special formula includes organic menthol extracted from fresh field mint as well as traditional herbs that have been used as pain relievers for centuries in Asia and Europe. Only in Wobenzym®N Crème are the plant enzymes embedded into the formula's core – offering more potent, more efficient pain relief.

Unlike its competitors, Wobenzym®N Crème won't burn when applied – it's designed to penetrate deeply to relieve pain and inflammation without the skin irritation.

Wobenzym®N Crème is available in 2-ounce tubes.

### **Wobenzym®N Tablets**

For lasting pain relief and immune support

Wobenzym®N Tablets are the most thoroughly-researched systemic enzyme supplements available. They:

- Support a healthy immune system
- Speed recovery from injury and disease
- Reduce inflammation
- Enhance circulation
- Improve joint health
- Increase mobility

- Promote healthy aging

Systemic enzymes are essential to maintaining a healthy body and an active lifestyle. Yet over time, the body's supply of systemic enzymes is depleted. Created from naturally-occurring systemic enzymes, Wobenzym®N Tablets can replenish that depleted supply.

While other products – like non-steroidal anti-inflammatory drugs (NSAIDs) – offer quick but temporary solutions, Wobenzym®N Tablets empower the body to heal itself – for relief that lasts.

Wobenzym®N tablets are available in 100-, 200-, 400-, and 800-count bottles.

### **Wobenzym®N Seven**

For lasting pain relief and immune support

Wobenzym®N Seven is a clinically-proven, effective, safe, and natural way to maintain a healthy body and an active lifestyle. Trusted by more than 100 million people worldwide, the Wobenzym®N Seven package includes Wobenzym®N Tablets and Wobenzym®N Crème.

Wobenzym®N Tablets are designed to replenish the body's supply of systemic enzymes to:

- Support a healthy immune system
- Speed recovery from injury and disease
- Reduce inflammation
- Enhance circulation
- Improve joint health
- Increase mobility
- Promote healthy aging

Wobenzym®N Crème is a pain-relieving cream that:

- Provides fast, penetrating pain relief
- Reduces inflammation
- Speeds recovery from sports and other injuries
- Promotes healthy circulation
